

KEY BENEFITS

The Muggi Cup Holder is a unique and innovative mobility aid, that makes transporting up to 4 cups, bottles, glasses etc. safe and easy.

Ideal for wheelchair users, tray walkers, if you have a tremor, shake, or simply need to use both hands when carrying a cup.

DURABLE

The Muggi Cup Holder is made from tough, recycled materials. It's dishwasher-safe, non-absorbent, and lightweight making it the very definition of durable.

CUP WELLS

Suitable to carry up to 4 cups securely, the Muggi Cup Holder catches any potential drips & spills from shakes, wobbles or tremors thus reducing the risk of burns and scalds. Each cup well is 3.5 inches wide. This means the Muggi Cup Holder fits a range of different size cups, glasses, and bottles.

ERGONOMIC DESIGN

Unlike the standard tray, the Muggi is designed to hold your hot drinks safely in place within its 4 moulded cup wells. You can also carry your snacks, phone and so much more!

THUMB GROOVES

There are 4 evenly placed thumb grips that make carrying the Muggi feel safer and more comfortable.

SAFE & STURDY FEET

The Muggi's 4 non-slip rubber feet prevent it from moving on any surface, wet or dry. This means it is safe to use on tray walkers or on the lap of wheelchair users.

HANDLE SLOTS

For every cup well there is a handle slot for added safety. This secures your cup or mug for moving freely within the Muggi.

MUGGI CUP HOLDER

With the Muggi Cup Holder, you don't ever again have to worry about burns and scolds when transporting hot drinks.

Muggi Cup Holder: The Safest Drinks Tray in the World!

What Our Customers Say

"Best thing since sliced bread. I use a Muggi Cup Holder instead of a tray to carry our drinks. No more spills, so easy to use." – Hazel

"A fantastic product. I'm a wheelchair user and can carry a round of drinks, safely and securely on my lap." – Emma

"Mugs of tea on a chair lift: Helps me to get two mugs of tea upstairs in the morning." – Frank

"I'm disabled and usually struggle with more than one cup because of my stick but this allowed me to carry more than one. I would certainly recommend it." – Sean
